QUESTIONS TO ASK YOUR HEARING AID PROVIDER TO HELP YOU IN YOUR DECISION PROCESS – REMEMBER THIS IS NOT A TV OR RADIO YOU ARE PURCHASING, THIS HAS THE POTENTIAL TO IMPROVE THE QUALITY OF YOUR LIFE FOR THE BETTER SO MAKE SURE YOU FEEL CONFIDENT NOT ONLY IN YOUR DECISION BUT ALSO IN YOUR HEARING PROFESSIONAL

If being offered with a company’s own range hearing aid, which platform is this based on? Why am I being recommended your own range rather than a branded model?
Which hearing aid brands do you offer? (if it is just one or two be aware that you may not be getting a reasonable range of choices, nor a viable alternative should the first option not meet your expectations)
Is this company a part of a group that also owns a hearing aid manufacturer? (competing brands may be marked up to favour the home brand)
Will my assessment be carried out by a HCPC registered Audiologist? (In order to dispense hearing aids an Audiologist in the UK is required to be registered with them and adhere to their ethical rules and guidelines). How often does the Audiologist attend the clinic? (if they attend once a fortnight and that day is booked up you could be waiting a month to see your hearing professional)
If you feel like you are being pressured to make a decision or unhappy with any of the answers to the questions you have asked WALK AWAY – at least temporarily. Treating hearing loss has a huge impact on your quality of life and your hearing health is worthy of due consideration. You should NEVER feel pressured by someone into making such a life changing decision.

BELOW ARE DIFFERENT BRANDED HEARNG AIDS AND THE YEAR THEY WERE RELEASED AS WELL AS THEIR PREVIOUS PLATFORMS AND RELEASE SO YOU CAN COMPARE TO ANY COMPANY’S OWN RANGE (remember that a company’s own range model may not have all the features and benefits of a branded model hearing aid, and their rating of their own hearing aid range may be very different to that of a branded model for example their own 5* level technology may be equivalent to a branded 3* technology)
